Intelligence applied to profit

AIZZAX.COM

# THE FIRST AI THAT ACTUALLY WORKS FOR YOU

Our Artificial Intelligence has been trained to behave like a human, completing forms, surveys, and digital tasks for companies that pay for real feedback from customers and prospects.

- » AIZZAX connects your AI to these opportunities.
- » It executes the tasks automatically.
- » And turns that into money for you.

# **WHAT IS AIZZAX?**

It is an Artificial Intelligence platform for paid tasks.

You purchase credits (tokens), and those credits are used by the AI to execute paid tasks such as:

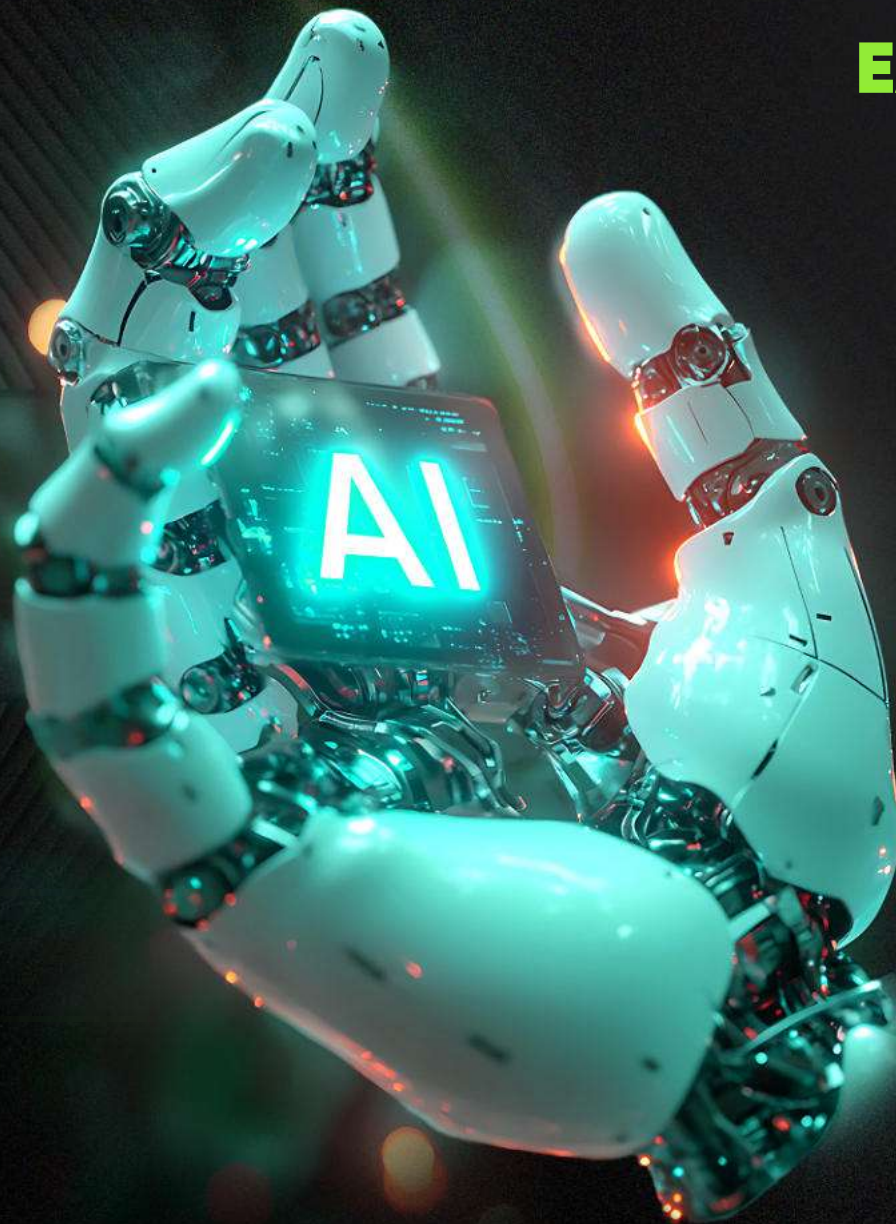

Market research

Feedback forms

Simple interactions  
(likes, ratings, answers)

## **EACH TASK:**

Uses a small amount of tokens 

Generates a cash reward 

## HOW IS MONEY GENERATED?

Companies pay for real feedback

AIZZAX's AI performs these tasks

Each task generates a financial reward

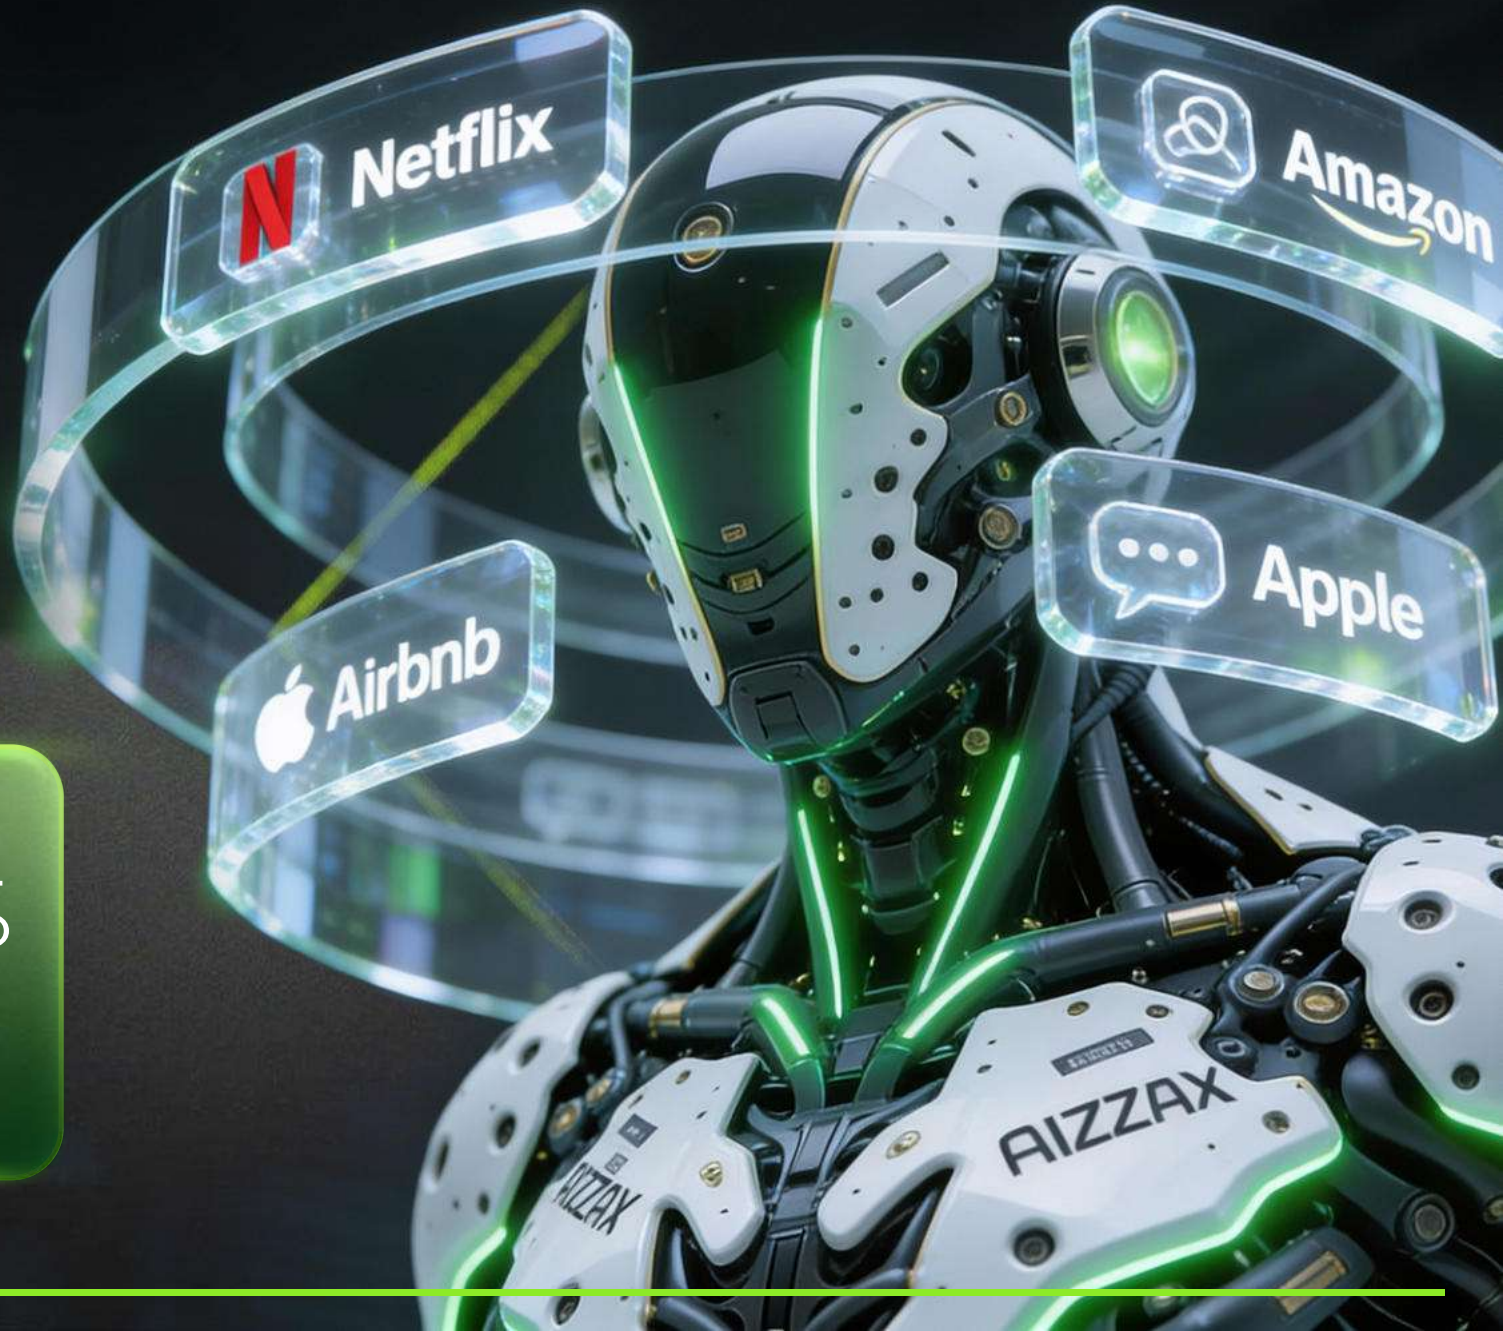

User net profit:

**70%**

System  
(infrastructure +  
referral network)

**30%**

# UNDERSTAND TOKENS (AI CREDITS)

Tokens are your AI's "fuel."

## Each plan includes:

- Total number of tokens
- Daily consumption limit

## This daily limit:

- Controls risk
- Keeps the system sustainable
- Extends the plan's usage time

All plans have an average duration of up to 120 days.
